SWIRE SHIPPING

Swire Shipping – Partner of Choice in Micronesia

Swire Shipping has a long trading history and association in the Pacific, and more specifically with Guam where it has served the market continuously since 2012. Building on this success, Swire Shipping is pleased to add two sailings per month to the neighbouring market of Saipan in the Commonwealth of the Northern Mariana Islands. Swire Shipping have deployed four of our new S Class vessels on this route to provide impressive schedule reliability and greater cargo flexibility.

The service will provide improved direct and transhipment solutions through the Swire Shipping network with direct access to key Asian and Pacific markets, along with transhipment options through our extensive partner network to provide services on a global scale. Swire Shipping will provide solutions for containerised (dry and reefer) along with breakbulk and project cargo, and also provide a direct service link between Guam and Saipan.

Service Frequency

Four dedicated new-build vessels operating on an 18 day frequency.

Cargoes

- Metal products (including aluminum and steel)
- Expertise in handling breakbulk, reefer and dry cargo along with vehicles and specialised equipment
- Project cargoes
- Forestry products (including pulp, lumber and logs)
- Non-stackable modules
- Heavy lift up to 120mt
- Machinery and vehicles
- Refrigerated foodstuffs
